

Keeping you connected when lives are at stake

**Providing secure and reliable
communications – so you can
focus on what's important**

Highly Reliable Network Coverage

This network gets a head start by launching on the nation's best data network* – featuring more than 99% population coverage.

First Priority™

When emergencies strike, networks can be congested. With First Priority, school district resource officers connect first. And district staff can be elevated in priority status during times of crisis – giving you the communications you need, when seconds count.

Trusted Security and Resiliency

Designed with heightened security in mind to help resist physical and cyberthreats. Ruggedized to help withstand power outages and backed by a dynamic, highly trained disaster recovery organization.

Dedicated Support

Your dedicated technical support is available 24 hours a day, 7 days a week, 365 days a year, and is staffed with highly trained professionals who have experience in emergency communications.

Affordable Plans with Advanced Features

So much more than a competitive rate plan – this world-class broadband network comes with unique network capabilities.

FirstNet.com

Available

This powerful broadband LTE network provides a reliable and highly secure connection. This means school district resource officers on FirstNet can get the voice, data, video, images and text you need – because the stakes are high when student safety is a priority.

Operable

Experience faster response times and enhanced situational awareness with improved information sharing across agencies, disciplines and jurisdiction.

Innovative

Foster an ecosystem of innovation, using advanced technologies, applications and devices that help first responders on FirstNet save lives and protect communities.

*Claim based on the Nielsen Certified Data Network Score for AT&T. Score includes data reports by wireless consumers in the Nielsen Mobile Insights survey, network measurements from Nielsen Mobile Performance and Nielsen Drive Test Benchmark. Wireless reliability based on 3rd party data as of April 2017.
